

An aerial photograph of Barcelona, Spain, with a blue color overlay. The image shows the city's dense urban landscape, including the Sagrada Família in the distance and the harbor area in the foreground. Two white diagonal lines are positioned above and below the text. The text is centered and reads:

Port Fòrum a gateway to Barcelona

PORT·FORVM

Welcome to Barcelona

Barcelona, a city open to the world, a cosmopolitan capital infused with culture, creativity, tradition and innovation. A metropolis full of countless hidden gothic and modernist spaces, where unforgettable experiences are awaiting.

Welcome to Port Fòrum

Located at the beginning of Barcelona's famous Diagonal Avenue, only **15 minutes from the city centre** and just **20 minutes from the international airport**, **Port Fòrum** is the perfect spot to enjoy this Mediterranean city.

Welcome to Port Fòrum!

A strategic location on the Mediterranean

Located on Barcelona's seafront, **Port Fòrum** is a strategic location on the Mediterranean, perfect as both a destination and a point of departure to enjoy an endless number of leisure options. A port with the perfect conditions to relax, experience the city, cruise along the Catalan coast or venture across to the French Riviera, the archipelago of the Balearic Islands or the iconic islands of Corsica and Sardinia, among many others.

Moreover, Barcelona's coast offers exceptional weather conditions all year round, with more than 300 days of sunshine and mild average temperatures of 10°C in winter and 23°C in summer. For most of the year, a gentle breeze blows over the sea, from the West or from the land in the morning and from the South-West in the evening, at an average speed of 6 knots, which is ideal for leisure sailing and practicing all kinds of water sports.

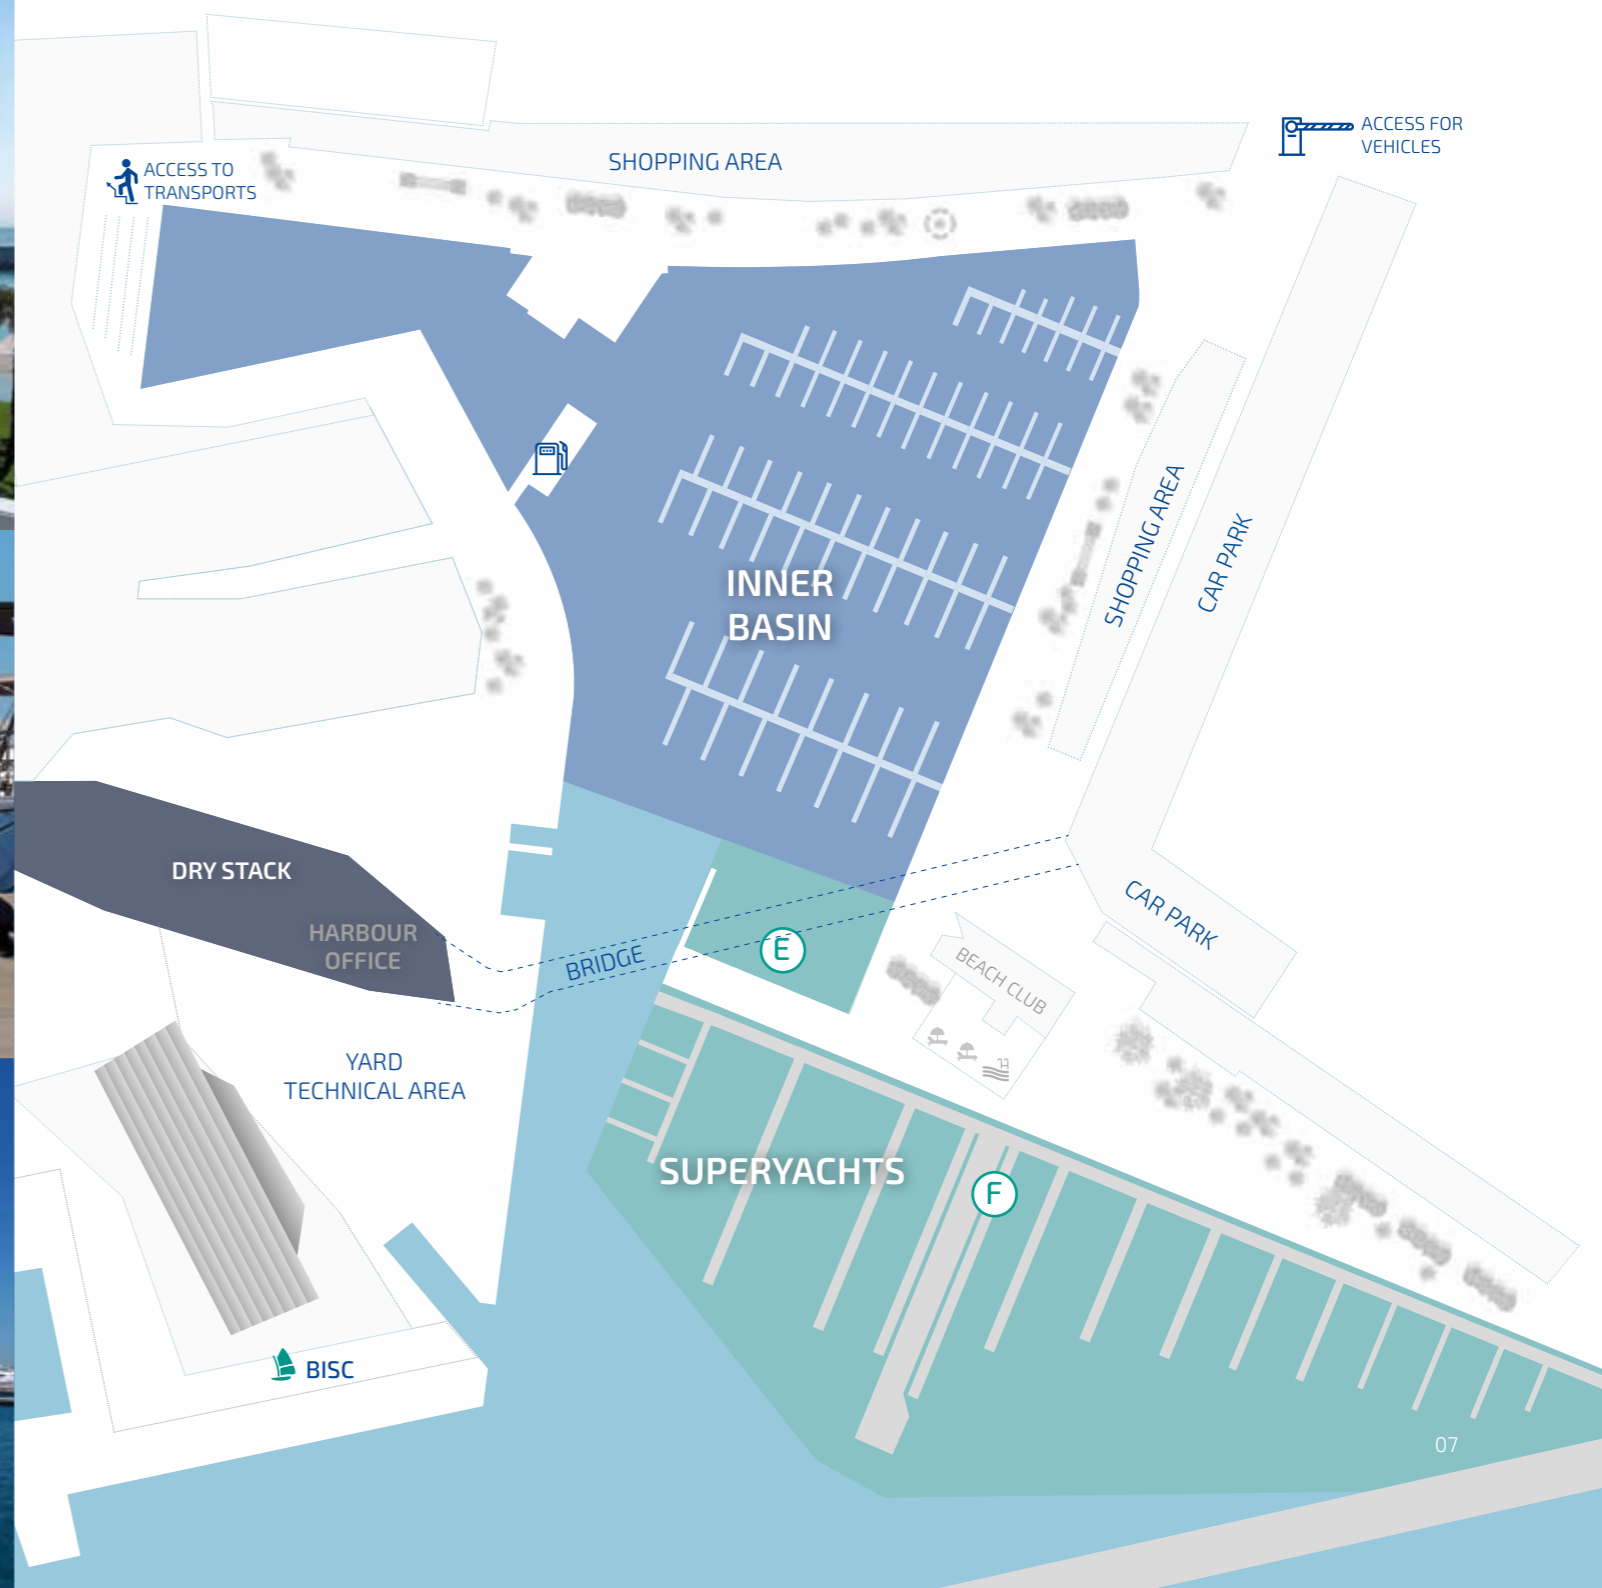

A port for those with the most demanding standards

Designed in 2002 by a prestigious group of professional architects and engineers, **Port Fòrum**'s facilities have great architectural value, which was acknowledged in the FAD architecture and Mies van der Rohe awards in 2005.

The port has a total capacity of 486 boats, laid out in three separate areas, to provide a solution tailored to the needs and features of every kind of boats: The Dry Stack, for jet skis and boats up to 10 metres; the Inner Basin, for boats with a length of between 10 and 25 metres and the External Basin, with 31 berths for **Superyachts** up to 80 metres.

Port Fòrum is the only port that offers a walkway for the exclusive use of **Superyachts**, separated from the quay; a private area consisting of walkways F and M, with an adjacent green area, which ensure the safety of the boats and privacy of their passengers.

We meet all your expectations

An area that is exclusive, safe and comfortable

The area designated for **Superyachts** is located in unrivalled surroundings at the North-Western quay of the Port and across from a spacious green area. A private area, secluded and entirely at your disposal.

A restricted access area with lateral finger piers to provide you and your boats with the privacy and comfort you need.

First-class services for superyachts

The portion of the **Port Fòrum** designated for Superyachts is an area of unique beauty along the Mediterranean coast. It provides an exceptional number of services designed to enhance the comfort and the privacy of ship-owners and crew members.

From the safety offered by its on-site **car park** as well as by its **secluded Pier** and **private security** service, to the **yard** featuring a **technical area**, not to mention the advantage of a **bunkering** and refuelling service close to the berths.

All amenities in **Port Fòrum** were tailored for you to make the most out of your stay in Barcelona.

Port Fòrum; where everything you need is provided.
